Temporary Disinfectant Conversion from Chloramine to Free Chlorine Rescinded

The Bolivar Peninsula Special Utility District (BPSUD) PWS #0840044 Located in Crystal Beach, Texas (Galveston County) is coordinating with Lower Neches Valley Authority West Regional Water Treatment Plant (WRWTP) PWS #0360112, will resume the use of Chloramines as its primary disinfectant in the distribution system on September 21, 2026. Depending on the usage demand the system should complete the transition in 7 to 10 days.

If you have any questions, please call our office at 409-684-3515.
